The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming are checked below:

- Coloured covers / Couverture de couleur
- Covers damaged / Couverture endommagée
- Covers restored and/or laminated / Couverture restaurée et/ou pelliculée
- Cover title missing / Le titre de couverture manque
- Coloured maps / Cartes géographiques en couleur
- Coloured ink (i.e. other than blue or black) / Encre de couleur (i.e. autre que bleue ou noire)
- Coloured plates and/or illustrations / Planches et/ou illustrations en couleur
- Bound with other material / Relié avec d'autres documents
- Only edition available / Seule édition disponible
- Tight binding may cause shadows or distortion along interior margin / La reliure serrée peut causer de l'ombre ou de la distorsion le long de la marge intérieure.
- Blank leaves added during restorations may appear within the text. Whenever possible, these have been omitted from filming / Il se peut que certaines pages blanches ajoutées lors d'une restauration apparaissent dans le texte, mais, lorsque cela était possible, ces pages n'ont pas été filmées.

- Additional comments / Commentaires supplémentaires: Pagination is as follows: p. 187-199.

This item is filmed at the reduction ratio checked below / Ce document est filmé au taux de réduction indiqué ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

Royal Ontario Museum
Toronto

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shell contain the symbol — (meaning “CONTINUED”), or the symbol ▼ (meaning “END”), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right end top to bottom, as many frames as required. The following diagrams illustrate the method:

![Diagram 1](image1)

![Diagram 2](image2)

L'exemplaire filmé fut reproduit grâce à la générosité de:

Royal Ontario Museum
Toronto

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l’exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier pli et en terminant soit par le dernier page qui comporte une empreinte d'impression ou d’illustration, soit par le second pli, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par le premier page qui comporte une empreinte d'impression ou d'illustration et en terminant par le dernier page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur le dernier image de chaque microfiche, selon le cas: le symbole — signifie “A SUIVRE”, le symbole ▼ signifie “FIN”.

Les cartes, planches, tableaux, etc., peuvent être filmées à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.
BIBLIOGRAPHY OF CANADIAN ZOOLOGY
FOR 1912

By

LAWRENCE M. LAMBE, F.G.S., F.G.S.A.
McQuarrie, J. Playfair
Notes on the B in the neighborhood of the Biological Station, N.B.
Canadian Entomology. Marine Biological Station, Canada. 1912, pp. 3335.

Bryozoa: Playfair

Osborn, Raymond
Bryozoa from Labrador, Newfoundland and Nova Scotia, reported by the Owen Bryant.

Bartsch, Paul
Additions to the West American Pyramellid Material, with descriptions of new species.
Among the species are some on the coast of British Columbia.

A zoológic study of the Pyramellid fauna along the west coast of America.
Gives the geographical range of each species within the continental provinces. In the North Temperate province, the Pacific waters of the British Columbia coast.

Kemp, Ernest
Report on Oyster Culture by the Department of Marine and Fisheries, 1911-12.
Appendix No. 17, 15th Annual Report, Department of Marine and Fisheries, 1911-12, Fisheries, pp. 331-347, 1912.
Sec. IV, 1913-12.
L. I E. (LATCHFORD).

Notes—Conchological and otherwise.
Refers to his discovery, in Renfrew county, part, of specimens of
Musculium described in the January number of Nautilus by Dr.
Sterki under the name M. declive.

MACBRIDE, E. W.
Oyster culture and clam fishing, Prince Edward island.

MATHIESON, J. A.
Oyster fisheries of Prince Edward island.
Commission of Conservation, Canada: Sea-fisheries of eastern Canada,
1912, pp. 78-85.

STAFFORD, J.
Conservation of the oyster.
Ibid., 1912, pp. 25-49, with one plate, and a diagram illustrating the
oyster production in Canada from 1871-1911.

On the recognition of bivalve larvae in plankton collections.
Contributions to Canadian Biology (Marine Biological Stations of
Canada, 1906-1910), 1912, pp. 221-242, pls XX-XXIV.

Supplementary observations on the development of the Canadian oyster.
29-40.

STERKI, V.
Musculium declive, n. sp.
See Latchford, E. R.

ARTHROPODA (ARTICULATA).

CALMAN, WILLIAM T.
The Crustacea of the order Cucumeci in the collection of the United States
National Museum.
pp. 653-676, text-figures 1-12, with bibliography.
Includes a number of species obtained from Canadian Atlantic waters.

FOWLER, W. A.
The Lobster fishery of Canada.
Commission of Conservation, Canada: Sea-fisheries of eastern Canada,
1912, pp. 50-57.

HADDON, KATHLEEN
Horsdla (Claudichna) varicennensis.
Annals and Magazine of Natural History, July, 1912, vol. 10, eighth
series, No. 55, pp. 81-86, pl. 11, ligs. 1-3a.
BIBLIOGRAPHY OF CANADIAN ZOOLOGY

Describes the above new species found abundantly in the gut chambers, and over the body, of Clupeonella pepristor at Harewood Bay, near Nanaimo, Vancouver Island.

MacDonald, H. L.
On a collection of eel-tacker made at St. Andrews, N. B.

Miller, E. R.
Contributions to the physiology of the American lobster. The Physiology of the intestine.
Ibid., 1912, pp. 257-280, pls. XXX-XXX.

Scott, Elora M.
On a species of Xiphophorus from the north Pacific.
Xiphophorus perlatus sp. nov. is described from Departure Bay, Vancouver Island, B.C.

Taylor, George E.
Preliminary list of one hundred and twenty-nine species of British Columbia decapod crustaceans.

Wilson, Charles B.
Parasitic copepods from Nanaimo, British Columbia, including eight species new to science.
Ibid., 1912, pp. 85-101, pls. III-IV.

Huntzinger, A. G.
Ascidiains from the coasts of Canada.
The ascidiains described, as referred to in the above paper, were obtained at the two marine biological stations of Canada, in 1908 and 1909, at Departure Bay, British Columbia, and in 1910 at St. Andrews, New Brunswick. In the west collections were also made at Uclulet on the outer coast of Vancouver Island.

Holothurian ascidiains from the coast of western Canada.

Describes two genera and seventeen species as new.

Van Name, William.
Simple ascidiains of the coasts of New England and neighboring British provinces.
The region dealt with extends from the Gulf of St. Lawrence and the Banks of Newfoundland southward to and including Long Island sound.

VIETNAM.

Pisces (Fishes).

BREEKE, CHARLES VICTOR.
A new genus and six new species of fishes of the family Cyclogasteridae.
Among the new species described is Calycosoma alberti, found in British Columbiaan and southeastern Alaskan waters.

CORNISH, GEORGE A.
Notes on fishes of Inughil, Prince Edward Island.

Fownd. W. A.
Fish culture in Canada.
Commission of Conservation, Canada: Seafisheries of eastern Canada, 1912, pp. 110-119.

GILBERT, CHARLES H.
A new genus and species of cotton fish from Departure Bay, Vancouver Island.
Describes Asennichthys taylori, gen. et sp. nov.

McGUIRE, T. H. See Prince.

PATTERSON, M. J.
White fish of the Great Lakes.
Commission of Conservation, Canada: Seafisheries of eastern Canada, 1912, pp. 132-134, with four maps showing white fish areas.

PRINCE, E. E.
The Seafishery of Canada.
Ibidem, 1912, pp. 120-129.

PRINCE, E. E., McGRATH, E. H., SISLEY, E.
Dominion Alberta and Saskatchewan Fisheries Commission, 1910-11 Report and recommendations with appendices, 1912.

ROBB, J. A.
Fish breeding.
Appendix No. 19, 15th Annual Report, Department of Marine and Fisheries, 1911-12, Fisheries, pp. 331-338.

SISLEY, E. See Prince.
AFGHANISTAN

BIRDS

ALLEN, John, Jr.

The Yellow-breasted chat at Amherst, Ontario

The White-breasted and Red-breasted Nuthatches
Bird Lore, September-October, 1912, vol. XIV, No. 5, pp. 310-312,
with descriptive plates.

ARNOLD, LOWELL

A short summer outing in Newfoundland

The writer gives the results of his study of birds in the island
and supplies a list of new species observed.

BIRDS ON DRAW

A new subspecies of the Ruffed Grouse

Description of Zoothera meloda phryginus, ssp. nov., type from
Digby, Nova Scotia.

BEAL, L. L.

First of some well-known birds of forest, farm, and garden
1st Dep. of Agriculture, Farmers' Bulletin, No. September
25, 1912, pp. 135, with 16 text figures.

BEAL, L. L.

See McAvoy.

BENT, A. T.

A new subspecies of Cross-bill from Newfoundland
Smithsonian Miscellaneous Collections, December 12, 1912, vol. 60.
No. 15, pp. 146.

Describes Loxia curvirostra consuma, the Newfoundland Cross-bill.

Brooks, Allan

Some British Columbia records
The Avi., April, 1912, vol. XXIX, No. 4, pp. 252-253.

Describes notes on ten species of birds observed, principally at
Okanagan.
BROWN, W. J.
Unusual nesting site of the Pigeon Hawk in Newfoundland.
The Ottawa Naturalist, Aug.-Sept., 1912, vol. XXVI, Nos. 5 and 6, pp. 70-74
Additional Notes on the Birds of Newfoundland.
Ibid., November, 1912, vol. XXVI, No. 8, pp. 93-98
A list of the birds observed includes fifty species. A note of warning is given concerning the ruthless destruction of both coastal and inland birds.

CABERT, J. W.
Notes on the winter birds at Guelph, Ontario, in 1911-12.
The Ontario Natural Science Bulletin, No. 7, 1912, pp. 63-62
Spring bird notes from Oakville, Ontario.
Ibid., No. 7, 1912, p. 61

CABERT, J. W.
Bird Notes, 1912.
The Ottawa Naturalist, December, 1912, vol. XXVI, No. 9, p. 115
A brief notice of birds observed in February and March in the county of Middlesex and in the Victoria county, in August.

C. I. M. FRANK M. CHAPMAN.
Bird-Lore's twelfth Christmas Bird census.
Includes the results of observations in the province of Ontario at Guelph, Homings Mills, London, Millbrook, Renfrew, Toronto, High Park and Hamilton Bay, and in British Columbia at Okanagan Landing and Vancouver.

CHAPMAN, FRANK M.
Descriptive of Crossbill Loxia curvirostra and of White-winged Crossbill Loxia leucoptera.
Notes on the plumage of North American birds. Fourteenth paper.
Ibid., March-April, 1912, vol. XIV, No. 2, pp. 105-109, with coloured frontispiece.
Descriptive of the plumage of the White-throated sparrow Zonotrichia albicollis, the White-crowned sparrow Zonotrichia leucophrys, and the Black-throated sparrow, the last a resident of the western United States.

Notes on the plumage of North American sparrows. Fifteenth paper.

Ibid., September-October, 1912, vol. XIV, No. 5, p. 290, with coloured frontispiece.
FAMBE] BIBLIOGRAPHY OF CANADIAN ZOOLOGY 193

The Towhee  
*Pipilo crassirostris* and the American Towhee  
*Pipilo erythrophthalmus.*

Notes on the plumage of North American towhees  Thirteenth paper  
Coloured front-piece.

The Rough-necked Towhee  
*Pipilo erythrophthalmus.*

pp. XXX 534, 21 plates in colours, 11 black and white, 1 map.  
1 colour chart, 156 text figures. 12 mo.

COOK, W. W.  
The peculiar migration of the Evening Grosbeak  
Journal of the Washington Academy of Science  
With map showing distribution, 1 fig. 1

The migration of North American Sparrow  
Fourteenth paper  
Relative to the Red Crossbill and the White-winged Crossbill.

The migration of North American sparrows  
Fifteenth paper  
Gives the spring migration of the White-crowned Sparrow, the White-throated Sparrow, and the Black-capped Sparrow, the last named notowing as far north as Canada.

The migration of North American sparrows  
Sixteenth paper  
Black-headed Grosbeak and Rose-breasted Grosbeak.

The migration of North American sparrows  
Seventeenth paper  
The Towhee and the Spotted Towhee.

The migration of North American sparrows  
Eighteenth paper  
The Grosbeak.

Passenger Pigeon  
*

Criddle, Norman  

*Eubdotis migratorias,* in Canada  
The Yk. October, 1912, vol. XXIV, No. 4, p. 529.

Quotes from the Earl of Sackville - Saskatchewan and the Rockies. Notes on the shooting of pigeons near Red River.

Dale, Melville  

*Watson  

Dearborn, N. E.  
The English Sparrow as a pest  
With 17 text figures.
FAMILY 14

Canfro, Alberta. Bird notes.
Records the occurrence of the Red-breasted Nuthatch, the Blue Jay
and the Magpie in the Canfro-Lacombe district.

FENNIG, J. H.
The Ancient Murrelet *Synthliboramphus antiquus* in Ontario.
The Niagara Swan Trap.

FERRUSI, Edward Howl
The Chickadee.

GIRANDEL, Joseph.
The Willow Ptarmigan.
Isem, November-December, 1912, vol. XIV, No. 6, pp. 376-379, with coloured plate.

GROB, Herbert.
The Bartramian Sandpiper breeds near Guelph.

JEWETT, Stanley G.
Stray notes from New Brunswick.
The Auk, April, 1912, vol. XXIX, No. 2, pp. 251-252.
On six species of birds at or near Fredericton.

JONES, Landis.
A study of the Avifauna of the Lake Erie islands. With particular reference to the migration phenomena.

A study of the Avifauna of the Lake Erie islands. The birds of Pelee island, Ontario, Canada.

KLEETH, A. B.
A late migration of the Evening Grosbeak in Ontario.

MACNAB, Charles.
The Canadian Ruffed Grouse.
McAttee, W. L. and Bray, L. L., I.
Some common Game, Aquatic, and Perching Birds in relation to Man.
U. S. Department of Agriculture, Farmers' Bulletin 196, May 6, 1912
pp. 1-30, with 11 text figures.
The majority of the birds mentioned are found in Canada during part
of the year.

McAttee, W. L. See Bray

Moore, Romieu Brown.
The Auk, April, 1912, vol. XXIX, No. 2, pp. 210-223, plate XVIII and
XIV.

Noble, J. W.
A clapping Sparrow's nest on the ground
A large colony of Bank Swallows' nests.
Idem, No. 7, 1912, p. 63.

Oberholser, Harry C.
A revision of the subspecies of the Green Heron Butorides virescens
[Liamna].
Proceedings of the United States National Museum, 1912, vol. 42,
pp. 529-577.
The northern limit of the range of Butorides virescens (Liamna) is given as southeastern Canada from Nova Scotia to southeastern
Ontario.
A revision of the forms of the Great Blue Heron Ardea herodias
Liamna.

Rieet, J. B.
Birds, collected or observed on the expedition of the Alpine Club of Canada
to Jasper Park, Yellowhead pass, and Mount Robson region.
The Canadian Alpine Journal, special number, 1912, pp. 45-77.

Roberts, Thomas S.
The Yellow-headed Blackbird.
Bird-Lore, July-August, 1912, vol. XIV, No. 4, pp. 250-253, with
coloured plate.

Saunders, W. E.
The Yellow-breasted Chat and the Carolina Wren in Ontario.
Harris's Sparrow in Ontario.

Speechly, H. M.
The Gray or Arkansas King Bird.
Idem, March, 1912, vol. XXVI, No. 12, p. 188.
A note on the occurrence of the above bird at Pilot Mound. Man.
A visit to Nootka sound.

Gives a list of 15 birds seen at Nootka sound, Vancouver island, B.C., between 23 July and 14 August.

Taverner, P. A.

Two interesting records for Canada

The subjects of this notice are three specimens of Arquidelula a. fontanae Riedl., the Martin Sandpiper, taken by Wm. Spreadborough at Clayquot, Vancouver Island, B.C., May 11, 1907, and two young specimens of Sterna fischeri moheleni Forster, the Great Grey Oyl, taken by Mr. Kelly, mayor of Powassan, Ont., in Chisholm township east of Lake Nipissing.

Ferrill, L. Jr.

Bird notes.

The writer refers to the winter visitors, and lists the spring arrivals from 10 March to 8 April, in the Montreal district during 1912.

Townsend, Charles W.

Notes on the summer birds of the St. John valley, New Brunswick.

Lists eighty-one species, with notes.

The validity of the Red-legged subspecies of Black duck.

Watson, C. G. and Hall, W. M.

Records from London, Ont.

Wheeler, David E.

Notes on the spring migration at timber line, north of Great Slave lake.

The Auk, April, 1912, vol. XXIX, No. 2, pp. 198-201, with map showing timber line.

After referring to the caribou and to the species of trees served, the writer gives a list of birds with dates when first seen, etc.

Wright, Mary Osmond.

The Ruby-throated Hummingbird.

BIRD-EYE, CLARENCE

Some common mammals of western Montana related to agriculture and spotted fever.

As most of the mammals mentioned in the above list are also found north of the international boundary, the information contained will be of use to farmers in southern Alberta and Saskatchewan.

BROWN, RALPH

Where the beaver is protected.

Notes on the beaver observed in Red Deer river, Alberta.

BROOKS, N.

New mammals from Capek, Alaska, and Kamchatka.

Describes Mammoth sloth, new, and Requete miniatus, new from the head of Moose Pass branch of Smoky river, Alberta.

Mammals of the Alpine Club Expedition to the Mount Rainier region.

KELLOGG, A. B.

Notes on the Mammals of the Bruce peninsula.

MILLER, GEORGE S. Jr.

The names of the large wolves of northern and western North America.

The names of two North American wolverines.

MISCELLANEOUS

ALLEN, J. A.

AMERICAN MUSEUM JOURNAL, THE.

R. M. Anderson on unexplored Arctic America: editorial comment on the zoological work of the Stefansson—Anderson Arctic Expedition and quotations from Dr. Anderson's letters.

COPLAND, G. G.
The temperatures and densities and allied subjects of Passamaquoddy bay and its environs. Their bearing on the oyster industry.

Contributions to Canadian Biology (Marine Biological Stations of Canada, 1906-1910), 1912, pp. 281-291, with map, diagram, and eight tables.

COWART, J. J.
Sea-fisheries of eastern Canada.

Commission of Conservation, Canada: Sea-fisheries of eastern Canada, 1912, pp. 91-119.

EVANS, KELLY.
Final report of the Ontario Game and Fisheries Commission, 1909-1911, appointed to enquire into and report on all matters appertaining to the Game Fish, the Fisheries, and the Game of the province of Ontario, pp. 5-301, with numerous plates and 17 illustations. Printed by order of the Legislative Assembly of Ontario, Toronto, Ont. 1912.

HARKETT, ANDREW.
Natural History Report

Appendix No. 18, 45th Annual Report, Department of Marine and Fisheries, 1911-12. Fisheries, pp. 318-550, 1912.

HOLLISTER, N.
List of Reptiles and Batrachians of the Alpine Club Expedition to the Mount Robson region.
The Canadian Alpine Journal, special number, 1912, pp. 15-16.

KNIGHT, A. P.
Fishery Experiments. A preliminary report upon the comparative merits of certain kinds of bait used in cod fishing along Gaspé peninsula.

MCGILL, THOMAS H. See Prince

PENNELL, D. P.

PRINCE, F.V.

Refers to the life work of the late Mr. Taylor as a marine zoologist, and to the principal results of his study of the marine life of British Columbia.

SCHARR, R.T.

Distribution and origin of Fish in America. pp. viii, 197, with 21 maps.
The Macmillan Co., New York, U.S.A.

Reviewed in the American Naturalist, August, 1912, vol. XXXI, No. 3.

SISLEY, BOSTON. See PRINCE.

STAFFORD, J.

SWARTZ, HARRY S.

Report on a collection of birds and mammals from Vancouver Island.

Interesting observations are made on one hundred and eleven species of birds, and twenty of mammals.

TAVENER, P.A.

On the collection of geological specimens for the Victoria Memorial Museum.

pp. 1-56.

A hand-book of a size convenient for the pocket, with directions regarding the collecting of large and small mammal, birds, reptiles, amphibians, fish, moosants and land and fresh water shells, with notes on a collector's equipment, and the preparation and care of specimens in the field.

WRIGHT, R. RAMSAY.

The Progress of Biology.
